

# 2013 UPPER MIDWEST STREAM RESTORATION SYMPOSIUM (UMSRS)

FEBRUARY 24-27, 2013

LA CROSSE, WISCONSIN

PRRSUM

The Partnership for River Restoration and Science in the Upper Midwest (PRRSUM) is pleased to present the **fourth annual Upper Midwest Stream Restoration Symposium (UMSRS)**. UMSRS is designed to foster exchange, conversation, and new collaborations amongst river restoration practitioners in the Midwest region.

At UMSRS, **geologists, hydrologists, biologists, geomorphologists, ecologists, engineers, regulators, managers, and students** all gather to listen to single-track presentations on stream restoration projects in our region, promoting multi-disciplinary dialogue and discussion.

Come learn about relevant river restoration topics in our region, including **restoration and land use dynamics, dam removal, ethics and liability in stream restoration practice, restoration design and design guidance, and aquatic habitat restoration.**

**Students, enter our STUDENT POSTER COMPETITION!**

**Visit [www.prrsum.org](http://www.prrsum.org) for more information. Also follow us on Facebook and Twitter (@PRRSUM).**
